A complimentary cross stitch design by Brooke Nolan

**Needed to complete design:** 1 piece 14 count Metallic Silver perforated paper, DMC floss, Kreinik #8 Fine Braids, Mill Hill glass seed beads, #24 tapestry needle, short beading needle, the "Haunted Tea Party" background graphic, (pg. 5 of this publication), printed on matte photo paper, decorative edging, double sided tape, hole punch, and black ribbon.

**Dimensions:** 53 x 48 stitches

**14 Count:** Approximately 3.75" x 3.50"

**Cross stitch, bead, and back stitch** the design as charted on Metallic Silver perforated paper.

**Finishing Instructions for Doorknob Hanger:** Apply decorative edging around the finished stitched piece. (Tip: I used multiple colors of Kreinik #8 Fine Braid to make a lacy edging around the stitched design. You could also glue or stitch premade cord or edging to it instead.) Trim around the background graphic print-out (pg. 5) with pinking sheers. Then adhere the stitched and edged design to it with double sided tape. Punch 2 holes at the top to hang with ribbon as pictured in the photo.

## *Materials Buying Guide*

---

Dear Stitcher,

Thank you so much for choosing one of my designs to stitch!

To make finding and purchasing extra materials for this project easy I'd like to recommend that you check out your local needlework shop. Don't have one near by? Don't know if you even have one in your area? Visit Hoffman Distributing's online Cross Stitch Shop Locator to find a shop in your area.

<http://www.hoffmandis.com/mainmap.htm>

A needlework shop doesn't have to be geographically near you to provide the service and materials you need. If there are none in your area, you may also visit Hoffman's online Merchant Mall to locate a helpful source.

<http://merchant.hoffmandis.com/>

Independent shops still offer the rarest and most valuable commodity to stitchers... Caring customer service. You will never find a more wonderful resource for your stitching than an independently owned shop! So, visit or call one today.

If you still need help, many of the materials manufacturers now sell directly to stitchers. For example, you may purchase Kreinik's beautiful threads and Mill Hill's seed beads from their web sites. See below for contact information.

*Happy Stitching,  
Brooke*
